# Our work continues

By Betty Rosa  
Regents Chancellor

As we enter the new school year, I am excited to see the work we have done over the past year and the work we will continue to do in the coming year. I am proud of the progress we have made in implementing the ESSA and the new standards for learning. I am also proud of the work we have done to support our students and our teachers. I am excited to see the work we will continue to do in the coming year.

The work we have done over the past year has been a testament to the power of collaboration and leadership. We have worked together to address the challenges we face and to create a path forward. We have made significant progress in many areas, and we are excited to see the work we will continue to do in the coming year.
